BACKGROUND: This legislation authorizes the Director of the Department of Development to increase contracts with various contractors for grass mowing and litter control services during the 2010-2011 season. These abatement services are needed to protect the health and safety of the citizens of Columbus. Due to the increase of foreclosures in the City of Columbus taxing district, and the increase of recalcitrant property owners, more properties are being abated and the additional funding will allow the program to

continue.

FISCAL IMPACT: Funding for these contract increases is provided from the General Fund. A transfer in the amount of \$52,094 is needed to provide the funds for these contract increases.

Emergency action is required so that weed abatement and litter control efforts will not be interrupted.

Whereas, grass mowing and litter control is necessary to public health; and
