The Department of Public Utilities entered into a contract with Shelly Materials, Inc. for the Disposal of Clean Fill. The contract provides for a disposal site within Franklin County for the disposal of clean fill from pipe repair excavations for the Divisions of Water and the Division of Sewerage and Drainage. This contract was the result of a Director's bid received on February 10, 2010 (SA003481). The original contract language allowed a contract period of one (1) year and included three (3) one year renewal options. The Department is pleased with the performance of Shelly Materials Inc and is requesting authorization to enter into a planned modification for the third and final renewal of the original contract for a grand total of \$85,000.00.
