BACKGROUND: The Department of Public Utilities entered into a contract with The Herald, Inc. for the purchase of printing services for the Department of Public Utilities. These services include, but are not limited to prepress, printing, variable data imaging, finishing, fulfillment, CD production, and delivery services. This contract was the result of a Director's bid received on November 21, 2013 (SA005172). The Herald, Inc. was the lowest, responsive and responsible, and best bidder and complied with all requirements of the specifications. The original contract was in effect from the date of execution to March 31, 2015 with an annual extension clause that provides for two additional one-year extensions. The first modification will end on March 31, 2016 and this, the second modification, would be in effect from the date of execution to March 31, 2017. The Department is pleased with their performance and would like to modify the original contract to extend the term for one additional year for a total of \$163,652.00.

There is a need to enter into a modification of the original contract to ensure that there are no interruptions in the timely delivery of printing services.

The need for increased funding is to cover anticipated contract billings during fiscal year 2016.
