1. BACKGROUND: This Ordinance authorizes the Director of Public Utilities to increase and extend the Professional Construction Management Services agreement with URS Corporation - Ohio, which provides cost effective construction management, field representation, inspection testing, instrumentation/control design, integration and support services, and services for maintenance of operations during construction for various capital improvements projects for the Water Supply/Technical Support group, for the period of 2011 - 2017.

The original legislation, under Ordinance No. 1386-2010, stated that this agreement would be modified over the 2011 - 2015 period. The first contract was executed in December 2010 to allow the Professional Construction Management Team to perform a constructability review of the Upground Reservoir R-2 Project prior to advertisement for bid in December 2010.

Modification No. 1, under Ordinance No. 0134-2011, enabled the Professional Construction Management Team to perform construction management and field representation for the Upground Reservoir Raw Water Pump Station and Raw Water Line projects.

Modification No. 2, under Ordinance No. 0975-2011 enabled the Professional Construction Management Team to perform construction management and field representation for various projects, for the remainder of 2011 and the first half of 2012.

Modification No. 3, under Ordinance No. 1487-2012, enabled the Professional Construction Management Team to perform construction management and field representation for various projects, for the remainder of 2012 and the first half of 2013.

Modification No. 4, under Ordinance No. 0384-2013, enabled the Professional Construction Management Team to

perform construction management and field representation for various projects, for June 2013 through May 2014.

Modification No. 5, under Ordinance No. 0999-2014, enabled the Professional Construction Management Team to perform construction management and field representation for various projects for May 2014 through September, 2014, and also extended the contract through 2017.

Modification No. 6, under Ordinance No. 1416-2014, enabled the Professional Construction Management Team to perform construction management and field representation for various projects, for September, 2014 through May 2015.

Modification No. 7 (current) is to cover Professional Construction Management tasks from May, 2015 through November 2015. Funding under this modification provides PCM services for the following projects: DRWP Capacity Increase Contracts 2, 3, and 4; HCWP Treatment Improvements; Alum Creek Pump Station Improvements; PAWP Treatment Upgrades; and City-Wide PMIS Support Services. A description of these projects can be found on the attachment "ORD 0659-2015 Information, Item No. 9".

1.1 Amount of additional funds to be expended: \$6,090,000.00

Original Contract Amount:	\$ 200,000.00	(EL011123)
Modification 1	\$ 1,625,000.00	(EL011432)
Modification 2	\$15,750,000.00	(EL011999)
Modification 3	\$ 6,854,740.00	(EL013639)
Modification 4	\$13,500,000.00	(EL014415 / EL015052)
Modification 5	\$ 3,800,000.00	(EL015798)
Modification 6	\$ 6,090,000.00	(EL016093)
<u>Modification 7 (current)</u>	<u>\$ 6,090,000.00</u>	
Total (Orig. + Mods. 1-7)	\$55,519,740.00	

1.2. Reasons additional goods/services could not be foreseen:

This modification was planned and identified in the original contracting legislation Ordinance No. 1386-2010, in the first contract modification Ordinance No. 0134-2011, the second contract modification Ordinance No. 0975-2011, the third contract modification Ordinance No. 1487-2012, the fourth contract modification Ordinance No. 0384-2013, the fifth contract modification Ordinance No. 0999-2014, as well as the sixth contract modification Ordinance No. 1416-2014.

1.3. Reason other procurement processes are not used:

The original RFP for this project anticipated a multi-year project with annual expenditures. The original authorizing legislation Ordinance No. 1386-2010, the first contract modification Ordinance No. 0134-2011, the second contract modification Ord. 0975-2011, the third contract modification Ordinance No. 1487-2012, the fourth contract modification Ordinance No. 0384-2013, fifth contract modification Ordinance No. 0999-2014, and the sixth contract modification Ordinance No. 1416-2014 identified the planned contract modifications.

1.4. How cost of modification was determined:

The consultant prepared a cost breakdown exhibit including estimated hours and hourly rates for upcoming work. These cost breakdowns were reviewed and approved by the Project Manager for the City Division of Water. Hourly rates and multipliers were submitted during the Request for Proposal phase of the project, with annual increases included for the contract duration.

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT:

This is a Professional Construction Management project which will facilitate the Construction Administration and Construction Inspection Services for projects in the Division of Water capital program. These projects are all related to the water supply and treatment. These projects are incorporated in the capital improvement program for various reasons including meeting regulatory requirements, expanded supplies to meet development concerns and maintenance of the water supply, and treatment facilities. All of these functions are tied to the economic vitality of the service area. Outreach and public informational meetings have been performed under previous modifications of this contract and will

be performed on individual projects as they near construction as appropriate. The consultant team has identified a commitment to the Mayor's Green Initiative in their business practices, including recycling programs in their offices, a commitment to double-sided printing, and utilization of Project Management Information System (PMIS) for submittal reviews which limits the need for printing documents for review.

3. CONTRACT COMPLIANCE INFO: 34-0939859, expires 7/2/15, Majority Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against URS Corporation - Ohio.

4. FUTURE CONTRACT MODIFICATIONS: The next contract modification (number 8) will be submitted for Council approval in summer 2015 (approximately \$7.4 million). Additional future modifications will occur in 2016 (approximately \$9.5 million) and 2017 (approximately \$3 million). The total contract amount for the planned 2010 through 2017 project duration is estimated to be \$76 million. The duration of this project is linked to the duration of the construction projects being managed, and may need to be extended beyond 2017 if construction duration is extended.

5. EMERGENCY DESIGNATION: It is requested that this Ordinance be handled in an emergency manner in order to maintain continuity in construction management activities and avoid disruption to construction activities.

6. FISCAL IMPACT: A transfer of funds within the Water Works Enlargement Voted Bonds Fund will be necessary as well as an amendment to the 2015 Capital Improvements Budget.
