In 2006, the Solid Waste Authority of Central Ohio (SWACO) awarded \$580,000 to the City of Columbus to establish its "Get Green" program. This award, made via modifications to the transfer agreement and leases they have with the city, enabled the city to expand its recycling and environmental stewardship efforts. The grant award was made in two installments. The first installment totaled \$210,909 and was appropriated by ordinance 2197-2006. The second totaled \$369,091 and was appropriated by ordinance and 2102-2007.

There was recently an eleventh modification to the aforementioned transfer agreement that, among other things, extended the program expiration date and awarded an additional \$78,303. This modification was authorized by ordinance 1727-2008.

The purpose of this ordinance is to appropriate the additional funds provided via the eleventh modification, which will extend the "Get Green" program through the end of the 2009.

FISCAL IMPACT:

This program is funded entirely from SWACO grant proceeds. The program has been structured to ensure that its costs do not exceed available revenues. As such, there are no negative fiscal impacts associated with passage of this ordinance.
