BACKGROUND: The need exists to enter into a Job Creation Tax Credit Agreement with Hirschvogel Incorporated (Hirschvogel). The Ohio Tax Credit Legislation (Section 718.15 of the Ohio Revised Code) authorizing such agreements became effective January 14, 1993 and requires the City to enter a Council-approved agreement between the City and a participating company.

Hirschvogel began in a garage in 1938 and is now one of the largest automotive suppliers in the world for steel and aluminum forging. Headquartered in Denklingen, Germany, the company operates three additional facilities in Germany. It also has operations in India, Brazil, Poland, China and Columbus, Ohio. Hirschvogel currently employs over 4,000 people throughout its entire operation. The Columbus operation, Hirschvogel Incorporated, manufactures warm and cold forgings and steel forming for the North American automotive tier 1 suppliers and for the original equipment manufacturers (OEMs). The facility in Columbus was purchased by Hirschvogel in 1988 and has 322 employees currently. Hirschvogel Incorporated is a subsidiary of Hirschvogel Holding GmbH.

Hirschvogel is currently facing strong competition in the United States. To remain competitive and viable in the US, the company must expand its production capacity. Hirschvogel proposes to invest a total of \$50,350,000, with \$14.7 million toward a 65,000 square foot expansion and over \$35 million in the acquisition of machinery and equipment. A total of 37 new full-time permanent positions will be created with an annual payroll of approximately \$1.3 million and retain 322 full-time positions at the project site known as 2230 S. 3rd Street Columbus, Ohio 43207 in Southside Industrial corridor.

FISCAL IMPACT: No funding is required for this legislation.
