1. BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into an agreement with Stantec Consulting Services, Inc., for professional engineering services for the Westgate Tank Replacement Project, in an amount up to \$186,648.28, under Division of Water Contract No. 2032.

The Westgate East 1-million gallon elevated tank was constructed in 1930 and is the Division of Water's oldest operating elevated storage tank. The tank's age and condition indicate that replacement is warranted over investing capital to keep the existing tank operational. If kept in service, significant structural repairs are anticipated the next time the tank is sandblasted and repainted. This project follows the recommendation of the Water Distribution System Master Plan and will increase elevated storage in the Mound pressure district from 2 million gallons to 3 million gallons (new tank will be 2-million gallons; there is another 1-million gallon tank in the pressure district).

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT: The project will incorporate measures such as energy efficient lighting to reduce the energy demand of this facility.

3. BID INFORMATION: The selection of the firm providing the professional engineering services has been performed in accordance with the procedures set forth in Columbus City Code, Section 329.14, "Awarding professional service contracts through requests for proposals." The evaluation criteria for this contract included: 1. proposal quality, 2. experience of team, 3. ability to perform expeditiously, 4. past performance, 5. environmentally preferable offeror, and 6. local workforce.

Requests for Proposals (RFP's) were received on February 14, 2014 from Stantec Consulting Services, PRIME AE

Group, CT Consultants, Ribway Engineering Broup, EMH&T, and GRW Engineers.

An evaluation committee reviewed the proposals and scored them based on the criteria mentioned above. The Department of Public Utilities recommends that the contract be awarded to Stantec Consulting Services, Inc.

The Contract Compliance Number for Stantec Consulting Services, Inc. is 11-2167170 (expires 11/6/15, MAJ). Additional information regarding all bidders, description of work, contract time frame and detailed amounts can be found on the attached Information form.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Stantec Consulting Services, Inc.

4. FUTURE MODIFICATION: A future modification is planned during the construction phase of project for the consultant to provide O&M Ready services. The scope of this work is still to be developed; therefore an estimated cost of future modifications is not available at this time.

5. FISCAL IMPACT: A transfer of funds within the Water Works Enlargement Voted Bonds Fund will be necessary, as well as an amendment to the 2014 Capital Improvements Budget.

To authorize the Director of Public Utilities to enter into an agreement with Stantec Consulting Services, Inc. for professional engineering services for the Westgate Tank Replacement Project; for the Division of Water; to authorize a transfer and expenditure up to \$186,648.28 within the Water Works Enlargement Voted Bonds Fund; and to amend the 2014 Capital Improvements Budget. (\$186,648.28)

WHEREAS, six technical proposals for professional engineering services for the Westgate Tank Replacement Project were received on February 14, 2014; and

WHEREAS, the Department of Public Utilities recommends that the agreement be awarded to Stantec Consulting Services, Inc.; and

WHEREAS, it is necessary for this Council to authorize the transfer and expenditure of funds within the Water Works Enlargement Voted Bonds Fund, for the Division of Water; and
