"Leda" a police horse that has been in service with the Division of Police's Mounted Unit since June of 2015 needs to be taken out of service and retired.

"Leda" has developed medical issues and has been examined by the Division Veterinarian, Dr. William Gessel, DVM. Leda has been diagnosed with a tumor on the pituitary gland, causing ovarian problems, which will eventually lead to cushing's disease. It is in the best interest of "Leda" and the Division to take her out of service and retire her. Retiring "Leda" would keep the Division from paying the high cost of medical bills related to her condition.

It is recommended that "Leda" be returned to her original owner, Friesian Empire. Friesian Empire has agreed to take her back.

Additionally, the Division of Police Legal Bureau has developed a general release document that relinquishes the City of Columbus from any liability as it relates to the post retirement care and control of "Leda", and assigns that liability to Friesian Empire.

FISCAL IMPACT:

At this time there are no plans to replace this donated horse.
