1. BACKGROUND

Need: The Ohio EPA requires this legislation which authorizes the Director of Public Utilities to execute eight (8) Water Supply Revolving Loan Account (WSRLA) loan agreements totaling approximately \$29 million, for construction of eight water system projects as identified in Section 1, under the direction of the Division of Power and Water (Water Section). These Capital Improvements Projects are being financed through the Water Supply Revolving Loan Account (WSRLA) program. This loan program is jointly administered by the Ohio EPA's Division of Drinking and Ground Waters, and the Ohio Water Development Authority (OWDA). The WSRLA program provides below-market interest rate loans for municipal water system improvements.

These loans will be paid off over a 20-year period from water service rate fees (as dedicated source of repayment). Water service rate fee increases have been projected and planned in anticipation of these projects and loans.
