**Council Variance Application: CV20-122**

**APPLICANT:** Go Maintenance Solutions LLC c/o Melva C. Williams-Argaw, Agent; XYZ Professional Services LTD; 166 Mayfair Boulevard; Columbus, OH 43213.

**PROPOSED USE:** Conform a four-unit dwelling and convert a storage building into a private detached garage.

**SOUTH LINDEN AREA COMMISSION RECOMMENDATION:** Approval.

**CITY DEPARTMENTS' RECOMMENDATION:** Approval. The site consists of one parcel developed with a four-unit dwelling and an abandoned storage building in the R-3, Residential District. The requested variance will conform the existing dwelling and will allow the storage building to be converted into a private detached garage. A Council variance is required because the R-3 district only permits one single-unit dwelling per lot. Variances are also included for reduced parking setback and parking space size, side yard obstruction, and increased size and height of a private detached garage. The site is located within the planning area of the *South Linden Land Use Plan Amendment (2018)*, which recommends medium density residential (10-16 units/acre) development for this location. The proposal is consistent with the Plan's land use recommendation and will not add a new or incompatible use to the area.

To grant a Variance from the provisions of Sections 3332.035 R-3, residential district; 3312.27, Parking setback line; 3312.29, Parking space; 3332.28, Side or rear yard obstruction; and 3332.38(F)(G), Private garage, of the Columbus City Codes; for the property located at **1479-1489 CORDELL AVE. (43211)**, to conform a four-unit dwelling and convert a storage building into a private detached garage with reduced development standards in the R-3, Residential District (Council Variance #CV20-122).

**WHEREAS**, by application #CV20-122, the owner of property at **1479-1489 CORDELL AVE. (43211)**, is requesting a Council variance to conform an existing four-unit dwelling and convert an existing storage building into a private detached garage with reduced development standards in the R-3, Residential District; and

**WHEREAS**, Section 3332.035 R-3, residential district, permits a single-unit dwelling, while the applicant proposes to conform an existing four-unit dwelling; and

**WHEREAS**, Section 3312.27, Parking setback line, requires a minimum parking setback line of 25 feet along Cordell Avenue, while the applicant proposes to maintain a reduced parking setback line of zero feet; and

**WHEREAS**, Section 3312.29, Parking space, requires 90-degree parking spaces be a rectangular area not less than 9 by 18 feet, while the applicant proposes to maintain a reduced parking space length of one space north of the dumpster which slightly encroaches into the alley to the east of the site; and

**WHEREAS**, Section 3332.28, Side or rear yard obstruction, requires the area in the side or rear yard to be open from the finished grade to the sky, while the applicant proposes to maintain the encroachment of the dwelling, the private detached garage, and surface parking spaces into the required minimum side yards, as shown on the site plan; and

**WHEREAS**, Section 3332.38(F), Private garage, requires no portion of the lot area devoted to a private garage or a carport to exceed greater than one-third of the minimum net floor area for living quarters of the principal residence, or 1,213.33 square feet for the existing four-unit dwelling, while the applicant proposes to convert an existing storage building containing 2,837 square feet into a private detached garage; and

**WHEREAS**, Section 3332.38(G), Private garage, limits garage height to 15 feet, while the applicant proposes to maintain a height of 16 feet for the private detached garage; and

**WHEREAS**, the South Linden Area Commission recommends approval; and

**WHEREAS**, the City Departments recommend approval because this request will not add a new or incompatible use to the area. The requested variance will conform a four-unit dwelling in the R-3, Residential District, and will allow a storage building to be converted into a private detached garage. The request is consistent with the recommendation for medium density residential uses of the *South Linden Land Use Plan Amendment*; and

**WHEREAS**, said ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

**WHEREAS**, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

**WHEREAS**, the granting of said variance will not impair an adequate supply of light and air to the adjacent property, unreasonably increase the congestion of public streets, increase the danger of fires, endanger the public safety, unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals or welfare of the inhabitants of the City of Columbus; and

**WHEREAS**, the granting of said variance will alleviate the difficulties encountered by the owner of the property located at **1479-1489 CORDELL AVE. (43211)**, in using said property as desired; now, therefore:
