1. BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into a professional services agreement with Brown and Caldwell for the DPU Franklin County Water/Sewer Assessment Project. Franklin County owns and operates water distribution and sewage collection systems that are connected to and served by the City of Columbus. These systems are located in approximately 30 areas across the region. In addition, the County owns and operates a wastewater treatment plant, Darbydale, and a water plant, Timberlake, that are not connected to Columbus' systems.

The County has requested that the City consider taking over its water/sewer assets. In order to make an informed decision about how to proceed, it is necessary to understand the County system. The City of Columbus and Franklin County are therefore requiring a comprehensive evaluation of the County's water and sewer utilities. In accordance with Ordinance 1037-2018, passed by Columbus City Council on May 7, 2018, and Resolution 0350-18 passed by the Franklin County Commissioners on May 8, 2018, the City of Columbus and Franklin County will share equally in the costs of this service agreement, with the City encumbering the total cost of the agreement (\$999,614.60), and receiving reimbursement of up to \$500,000.00 from Franklin County.

2. PROJECT TIMELINE: After issue of the notice to proceed (NTP) the first phase of this project should be completed in December 2018. The second phase of this project is planned to commence in December 2018 and conclude by September 2019.

3. PROCUREMENT INFORMATION: The Division advertised for a Request for Proposals (RFP's) for the subject services on the City's Vendor Services website and in the City Bulletin in accordance with the overall provisions of Chapter 329 of the Columbus City Code. The Division of Sewerage and Drainage received two (2) proposals on June

8, 2018 from the following companies:

4. The proposals were reviewed and evaluated by the Proposal Evaluation Committee and determined that the proposal that met or exceeded the qualifications as stated in the RFP was Brown and Caldwell.

Such a takeover will benefit the County customers, as they should see lower bills.
