**BACKGROUND:** The purpose of this ordinance is to give the Director of the Department of Development the authority to enter into the Columbus Coated Fabrics Economic Development Agreement (EDA) with Wagenbrenner Development, Inc. (Wagenbrenner Development) for the redevelopment of the former Columbus Coated Fabrics site at Grant and Fifth Avenues and nearby properties acquired by Wagenbrenner development. The EDA outlines various actions and associated agreements required for the completion of the Columbus Coated Fabrics redevelopment project. Execution of the EDA will be followed by subsequent legislation to authorize portions of the EDA to be implemented.

The former Columbus Coated Fabrics site is located in the Weinland Park Neighborhood of Columbus. Both the Columbus Department of Development and Campus Partners for Community and Urban Redevelopment (Campus Partners), along with its development partner: Wagenbrenner Development, have worked extensively with Weinland Park residents to ensure the proposed development complements the neighborhood and area plans to construct approximately 500 residential units with park space.

This ordinance also authorizes the assignment and assumption of agreements between the City and Campus Partners to Wagenbrenner Development that are necessary for the redevelopment and an amendment to the City's agreement to sell the Decorative Surfaces International, Inc. (former Columbus Coated Fabrics) site.

Under the EDA, subject to passage of future ordinances, the City commits to constructing street and utility improvements benefiting the area and the project in the amount of \$12.85 million; transferring at no cost secondary streets and alleys within the project area; the creation of two or more Tax Increment Finance districts to provide funds to the project and to help finance the street improvements; and the creation of a New Community Development Authority.

In addition to authorizing the execution of the EDA, this ordinance authorizes the Director to execute an amendment to the existing agreement between the City and Campus Partners for the sale of the Columbus Coated Fabrics site to Campus Partners or its assignee, reducing the purchase price to \$1.00 as an additional incentive to redevelop the property for residential use. The ordinance also authorizes the Director to consent to the assignment and assumption of a Memorandum of Understanding related to the Clean Ohio funding at the site and the aforementioned sale agreement from Campus Partners to Wagenbrenner Development or an affiliated entity of Wagenbrenner Development.

This legislation is submitted as an emergency to facilitate subsequent legislation required to move the project forward.

**FISCAL IMPACT:** There are no immediate costs to the City of Columbus associated with the EDA. Future legislation will be submitted in 2008 to authorize construction contracts totaling \$12.85 million.
