1. BACKGROUND

The Division of Division of Design and Construction requires the transfer and appropriation of funds within the Private Construction Inspection Fund to allow for sufficient authority to pay for personnel expenses.

The transfer of funding is necessary so that expenses match revenue. In this case, personnel expenses are from utilization of inspectors for private development projects. These inspectors are being paid out of Fund 518, the Construction Inspection Fund, which is utilized for capital infrastructure projects.

2. EMERGENCY DESIGNATION

Emergency action is requested to allow these funds to be in place for immediate use for the above mentioned operational needs within the Division of Design and Construction.
