The Department of Public Utilities entered into a contract with Brehob Corporation for Crane and Hoist Maintenance Services for the Division of Sewerage and Drainage. This contract was the result of a Director's bid received on January 17, 2007. Brehob Corporation was the lowest, responsive, responsible bidder and met all requirements of the specifications. The original contract was for a period of one year with two (2) one year renewal options on a year to year basis. The final extension has been exercised and the contract will expire on May 23, 2011. The Division is preparing the documents for a new advertisement and bidding documents for these services, but a new contract will not be in place before the existing contract expires. The Division is pleased with their performance and requests authority to modify the original contract to extend the contract completion date to October 31, 2011.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

Contract Compliance: 35-1153806, expires October 6, 2012
Brehob Corporation does not hold MBE/FBE status.

1. Amount of additional funds: Total amount of additional funds needed for this contract modification No. 2 is \$0.00. Total contract amount including this modification is \$443,210.50.
2. Reason additional funds were not foreseen: Additional funds are not requested. The original contract allows for two (2) extension periods on a year to year basis. The final extension has been taken and will expire on May 23, 2011. This modification is to provide an extension of the final year of the current contract to October 31, 2011.
3. Reason other procurement processes not used: Work under this modification is a continuation of services included in the scope of the original bid contract. No lower pricing/more attractive terms and conditions are anticipated at this time.
4. How cost was determined: The cost, terms and conditions are in accordance with the original agreement.

This legislation is being submitted as an emergency so that there is not any interruption in Crane and Hoist Maintenance Services at the wastewater treatment plants.

FISCAL IMPACT: The Division of Sewerage and Drainage allocated \$115,000.00 for these services in the 2011 budget.

The following amounts were encumbered in 2008, 2009 and 2010 for this service:

2008 - \$184,600.50

2009 - \$148,610.00

2010 - \$110,000.00
