BACKGROUND: Columbus Public Health (CPH) has a need for custom API development for its Electronic Health Record software. This ordinance will authorize the Board of Health to enter into service contract for the period of August 1, 2024 to July 31, 2026 with Phreesia, Inc., for an amount not to exceed \$59,040.00.

The current vendor is unable to fulfill their current contract and a replacement vendor with existing software integration in place is required to avoid disruption to clinical operations. For this reason, CPH is requesting that the competitive bidding provisions outlined in Chapter 329.18 of the Columbus City Code be waived for this contract.

Phreesia’s contract compliance number is CC-048837.

FISCAL IMPACT: The contract is entirely funded by Public Health Infrastructure Grant program and does not require a city match. (\$59,040.00)
