This ordinance decreases community development block grant fund appropriations for fiscal year 2011 by \$694,112 in anticipation of federal funding reductions. Most recent communications from HUD suggest a reduction of 16.22% is expected, or \$1,133,148. The balance of \$439,036 will be absorbed by unallocated cash in the City's CDBG account.

This ordinance reduces appropriations within CDBG funded divisions in the following areas: Personnel costs are reduced \$254,021 as a result of unfilled vacancies and shifting personnel to work on other grants and non-general funding sources; Material costs are reduced \$1,500; Services are reduced \$203,591 through partial reductions in the public service competitive fund (\$15,500), building

maintenance costs for the city's land bank properties (\$20,000), the economic development loan programs (\$119,000), shifting a portion of the fair housing contract to another grant (\$17,091), reducing a portion of the fair housing analysis of impediments study (\$10,000), reducing the advertising budget (\$2,000), and eliminating a small contract proposed to address insect infestations in the code enforcement program (\$20,000); Other expenditures are reduced \$235,000 by relying on carryover funding in the affordable housing programs.

Fiscal Impact: This ordinance will reduce the 2011 CDBG budget from \$8,400,584 to \$7,706,472, in anticipation of federal funding reductions from the U.S. Department of Housing and Urban Development.

To decrease appropriations by \$694,112.00 in various divisions and object levels within the community development block grant fund in anticipation of federal funding reductions; to reduce an existing CDBG encumbrance for the fair housing initiative within the Department of Development; to establish an encumbrance for the fair housing initiative using HOME funds; to reduce an existing encumbrance for affordable housing activities within the Department of Development; and to declare an emergency (\$694,112.00).

WHEREAS, ordinance 0062-2011, passed January 24, 2011, appropriated CDBG funding in various divisions and object levels for 2011 approved programs based upon certain revenue assumptions at that time; and

WHEREAS, the city now anticipates significant reductions in federal funding awards currently being debated in the U.S. Congress; and

WHEREAS, reductions in the appropriations are deemed necessary at this time to mitigate any potential structural imbalance in the fund as a result of entitlement reductions from the federal government; and

WHEREAS, an emergency exists in the usual daily operation of the City of Columbus in that it is immediately necessary to undertake the aforementioned actions, thereby preserving the public health, peace, property, safety and welfare; Now Therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS
