### Council Variance Application: CV18-095

**APPLICANT:** WODA Cooper Companies, Inc., c/o Dave Perry, Agent; David Perry Company, Inc.; 411 East Town Street, First Floor; Columbus, OH 43215, and Donald Plank, Atty.; Plank Law Firm; 411 East Town Street, Second Floor; Columbus, OH 43215.

**PROPOSED USE:** Multi-unit residential development.

**CITY DEPARTMENTS' RECOMMENDATION:** Approval. The site is comprised of three parcels each developed with a single-unit dwelling in the R-1, Residential District. The requested variance would permit redevelopment of the site with two 32-unit apartment buildings, for a total of 64 units. A Council variance is necessary because the R-1 district lists single-unit dwellings as the only permitted residential use. The site is within the boundaries of the *Trabue Roberts Area Plan* (2011), which recommends "Neighborhood Commercial" land uses at this location. Staff recognizes that this site is located on a primary corridor and that the revised site plan included a concept for a comprehensive redevelopment strategy for the entire block, as requested by staff. The site plan represents a high level of design and is consistent with the Plan's design guidelines. Staff believes that multi-unit residential development of this density should be rezoned to an appropriate apartment residential zoning district and afforded the full review process applicable to rezoning applications, including a public hearing and review by the Development Commission. For that reason, this ordinance is conditioned on a follow-up rezoning to an appropriate zoning designation within one year of its effective date.

To grant a Variance from the provisions of Section 3332.03, R-1, residential district, of the Columbus City Codes; for the property located at **2450 WALCUTT ROAD (43228)**, to permit multi-unit residential development in the R-1, Residential District (Council Variance #CV18-095).

**WHEREAS**, by application #CV18-095, the owner of property at **2450 WALCUTT ROAD (43228)**, is requesting a Council variance to permit multi-unit residential development in the R-1, Residential District; and

**WHEREAS**, Section 3332.035, R-3, Residential District, lists single-unit dwellings as the only permitted residential use, while the applicant proposes a multi-unit residential development totaling 64 dwelling units as shown on the submitted site plan; and

**WHEREAS**, City Departments recommend approval because the requested variance allows residential redevelopment on a primary corridor that includes a site plan that is consistent with the *Trabue Roberts Area Plan's* design guidelines; and

**WHEREAS**, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

**WHEREAS**, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

**WHEREAS**, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

**WHEREAS**, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **2450 WALCUTT ROAD (43228)**, in using said property as desired; now, therefore:

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**
