BACKGROUND: The Ben Franklin Tuberculosis Control Program established a fee structure for skin tests in August, 2004. This fee ensures that residents of Columbus and Franklin County continue to have access to healthcare, and enhances revenue for continued and new services for the mission of TB Control and Elimination. The TB Program bills fees to clients' third party insurances when available, and uses a sliding fee scale based on Federal Poverty Guidelines, so no clients are denied services due to the inability to pay. This ordinance authorizes supplemental appropriation of \$220,000 for revenues from the TB skin tests.

This ordinance is submitted as an emergency so as to allow the financial transaction to be posted in the City's accounting system as soon as possible. Up to date financial posting promotes accurate accounting and financial management.

FISCAL IMPACT: The Ben Franklin Tuberculosis Clinic is funded by the Franklin County Board of Commissioners and client fees. The grant is administered in the Health Department Grants Fund.
