**BACKGROUND:** This ordinance is being submitted to set forth the municipal services and zoning conditions the city of Columbus will provide upon annexation of a territory located in Sharon Township. This ordinance is required by the Ohio Revised Code (ORC) as enacted by the General Assembly of the State of Ohio. An annexation petition is anticipated to have been filed with Franklin County for this property. A service ordinance must be passed before the annexation meeting takes place before the Board of County Commissioners of Franklin County. Information regarding municipal services that would be available, should the subject site be annexed, has been compiled and is reflected in this ordinance. Should the petition be approved by the County Commissioners, a second City ordinance accepting the annexation will be required to complete the process. The time frames specified in the ORC require that this legislation be filed as emergency.

**FISCAL IMPACT:** The statement of municipal services and zoning conditions for a proposed annexation area has no fiscal impact. While provision of the stated services does represent cost to the City, annexation of land also has the potential to create revenue to the city.

To set forth a statement of municipal services and zoning conditions to be provided to the area contained in a proposed annexation (AN24-007) of 0.3± Acres in Sharon Township to the city of Columbus as required by the Ohio Revised Code and to declare an emergency.

**WHEREAS,** a petition for the annexation of certain territory in Sharon Township is anticipated to be duly filed on behalf of Bonna Real Estate LLC on June 12, 2024; and

**WHEREAS,** a hearing on said petition is tentatively scheduled before the Board of County Commissioners of Franklin County on July 9, 2024; and

**WHEREAS**, the Ohio Revised Code requires that before said hearing the Municipal Legislative Authority shall adopt a statement indicating what services, if any, the municipal corporation will provide to the territory proposed for annexation upon annexation; and

**WHEREAS**, the Ohio Revised Code requires that before said meeting the Municipal Legislative Authority to adopt an ordinance stating zoning buffering conditions; and

**WHEREAS**, properties proposed for annexation are within the Northland I Area Plan (2014); and

**WHEREAS**, upon annexation, properties will have uniform access to City services as they become available; and

**WHEREAS**, an emergency exists in the usual daily operation of the Department of Development in that it is immediately necessary to present this ordinance to the Franklin County Board of Commissioners in accordance with the Ohio Revised Code to adhere to all statutory timelines, all for the immediate preservation of the public health, peace, property, safety and welfare; and **now therefore**,

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS**

**Section 1.** That the city of Columbus will provide the following municipal services for 0.3± acres in Sharon Township upon the annexation of said area to the city of Columbus:

**Sanitation:** The station approves this request.

**Transportation:** Per the information provided the property owner is seeking annexation for development purposes. The property owner should be advised that any redevelopment of the property should include conversations with the Division of Traffic Management as far as plans for the site, specifically any modification to any existing or creation of new access points.

**Water:** There is no water main available to provide service to this site. A water main would need extended from either Community Park Dr or from the south, near the intersection with Home Acre Dr. The design and construction of this water main would be at the applicant's expense.

**Sewers:** All sanitary and storm sewers required shall be constructed privately by the owners and developers at their own cost and expense with no cost to the City.

**Sanitary:** DOSD has no objection regarding this annexation request. At the present time, there is no sanitary sewer access for this annexed parcel. There is a proposed 8" CC19449(P) sanitary sewer just to the north of this parcel, which a mainline extension would need to be made to access this sanitary sewer.

**Storm:** All storm sewers necessary for development/redevelopment of the area shall be designed in accordance with design policy and zoning codes in effect at the time of development.

All sanitary and storm sewers required shall be constructed privately by the owners/developers at their own expense with no cost to the city.

**Section 2.** If this 0.3± acre site is annexed and if the City of Columbus permits uses in the annexed territory that the City of Columbus determines are clearly incompatible with the uses permitted under current county or township zoning regulations in the adjacent land remaining within Sharon Township, the Columbus City Council will require, in the zoning ordinance permitting the incompatible uses, the owner of the annexed territory to provide a buffer separating the use of the annexed territory and the adjacent land remaining within Sharon Township. For the purpose of this section, "buffer" includes open space, landscaping, fences, walls, and other structured elements: streets and street right-of-way;

and bicycle and pedestrian paths and sidewalks.

**Section 3.** That for the reasons stated in the preamble hereto, which is hereby made a part hereof, this ordinance is hereby declared to be an emergency measure and shall take effect and be in force from and after its passage and approval by the Mayor or ten days after passage if the Mayor neither approves nor vetoes the same.
