BACKGROUND: The Columbus Health Department was awarded the Public Health Infrastructure grant from the Ohio Department of Health through the Centers for Disease Control in the amount of \$1,258,447 in August 2008. The Ohio Department of Health has recently approved a budget revision for this program resulting in appropriation realignment to fund approved activities. This ordinance is needed to realign appropriation in the amount of \$80,534 for the time period ending August 9, 2009.

The Public Health Infrastructure program established the Franklin County/City of Columbus support network that would be required in the event of bioterrorism activity in the central region of the state of Ohio. It also allocates funding for the Regional Medical Response System for central Ohio, the Cities Readiness Initiative, and pandemic flu planning.

This ordinance is submitted as an emergency so as to allow the financial transactions to be posted in the City's accounting system as soon as possible. Up to date financial posting promotes accurate accounting and financial management.

FISCAL IMPACT: The realignment of appropriation within the Health Department Grants Fund is budget neutral.

To authorize and direct the City Auditor to transfer \$80,534 within the Health Department Grants Fund, to properly align appropriation with projected expenses for the continued operation of the Public Health Infrastructure program, and to declare an emergency. (\$80,534)

WHEREAS, the Ohio Department of Health has recently approved a budget revision for the Public Health Infrastructure grant program that results in the need to realign existing appropriation; and,

WHEREAS, this ordinance is submitted as an emergency so as to allow the financial transaction to be posted in the City's accounting system as soon as possible. Up to date financial posting promotes accurate accounting and financial management; and,

WHEREAS, an emergency exists in the usual daily operation of the Columbus Health Department in that it is necessary to realign Public Health Infrastructure grant appropriation for the immediate preservation of the public health, peace, property, safety, and welfare; Now, therefore:
