The city funding has been awarded \$180,000.00 under the purpose area of technology improvements for the continued maintenance and support of the computerized National Incident Based Reporting System (NIBRS). NIBRS is a national crime reporting system. Its data is used by the FBI and in the development of federal funding programs. And \$80,000.00 for additional customization projects for the system were also approved. They include Property Room bar coding, records sealing capabilities and added forms and self-reporting functions.
