Background: The Transportation Division is responsible for curb replacement within the city limits. To facilitate the replacement of some of the many miles of deteriorated curb at minimal cost, the City instituted a program many years ago to reimburse property owners who replace curbs and apply for reimbursement at a rate of \$16.00 per lineal foot of curb. Reimbursement occurs subsequent to inspection of the new curb by the City. The majority of these replacements occur while the property owners' are constructing new sidewalk, which are ordinarily the property owners' responsibility to maintain and/or replace. The Transportation Division is in need of establishing funding for the Curb Reimbursement Program for 2008.

This legislation authorizes the expenditure of \$100,000.00 to repay the various property owners for costs associated with the construction of new concrete curb. \$100,000.00 was previously authorized for this program in 2004.

Fiscal Impact: Funding for the Curb Reimbursement program is budgeted and available in the curb reconstruction project within the Voted 1995, 1999, 2004 Streets and Highways Fund.

To authorize the Public Service Director to reimburse various property owners for the replacement of concrete curbs and to authorize the expenditure of \$100,000.00 within the Voted 1995, 1999, 2004 Streets and Highways Fund to the fund the 2008 Curb Reimbursement program for the Transportation Division. (\$100,000.00)

WHEREAS, the City is committed to the Curb Reimbursement program; and

WHEREAS, it is necessary to authorize the expenditure of additional funds for this ongoing program; now, therefore
