The purpose of this legislation is to authorize the Director of Public Utilities to enter into a modification of the contract with Roberts Service Group for Electric Power Systems Maintenance Services for the various Department of Public Utilities (DPU) Facilities.

The Department of Public Utilities (DPU) has identified certain work to various electric power equipment that requires Electric Power Systems Maintenance Services for the Division of Sewerage and Drainage (DOSD), the Division of Power (DOP), and the Division of Water (DOW). The Department of Public Utilities operates and manages two (2) Wastewater Treatment Plants (WWTP), a Compost Facility, a Sewer Maintenance Operations Center (SMOC), sewage and stormwater collection systems, three (3) Water Treatment Plants (WTP), a water distribution system and various electric substations that service the City of Columbus and its satellite communities. This modification No. 2 is for services for DOP facilities. Additional DPU facilities may be added in the future. All facilities are located within Franklin and Delaware Counties.

The work to be performed under these specifications will be electric power distribution systems and its components that require studies be performed, inspection, testing, maintenance, repair and/or replacement with the majority of the work to be on industrial equipment/systems ranging from 120V to 15.5 KV. There may also be inspection, testing, studies performed, maintenance, repair and/or replacement work on > 15.5KV to 138KV equipment/systems that will require a Contractor or Subcontractor to have highly specialized experience in the area of high voltage.

The Department of Public Utilities advertised Request for Proposals (RFP's) for the subject services in the City Bulletin in accordance with the pertinent provisions of Columbus City Codes Chapter 329. Six hundred thirty-one (631) vendors (15 MBR, 36 M1A, 2 HL1, 16 F1, 6 AS1, 556 MAJ) were solicited (SA005278), and four (4) proposals (1 F1, 3 MAJ) were received and opened on February 26, 2014. The evaluation and final ranking was based upon the criteria in the RFP and Roberts Service Group was determined to be the most qualified responder to provide services for the Electric Power

Systems Maintenance Services.

The original contract was for a period of one (1) year with three (3) one year renewal options on a year to year basis upon mutual agreement, availability of funding and approval by Columbus City Council. The current funding request is for use by the Division of Power. Additional modifications will be required to add funding for the inclusion of additional facilities within the various divisions of the Department of Public Utilities as needed.

**SUPPLIER:** Roberts Service Group (31-0858835), Expires 3/11/2017  
Roberts Service Group holds F1 status.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

1. Amount of additional funds: Total amount of additional funds needed for this contract modification No. 2 is \$800,000.00 for DOP.
2. Reason additional funds were not foreseen: The need for certain additional work was identified as critical and should be completed now rather than waiting for the next contract modification. This legislation is to encumber the funds necessary to complete the work at this time from the Division of Power's budget.
3. Reason other procurement processes not used: Work under this modification is a continuation of services included in the scope of the original bid contract. No lower pricing/more attractive terms and conditions are anticipated at this time.
4. How cost was determined: The cost, terms and conditions are in accordance with the original agreement.

**FISCAL IMPACT:** A total of \$800,000.00 is budgeted and needed for this contract modification and is being funded by the Division of Power.

\$14,878.66 was spent in 2014 (for DOSD)  
\$0.00 was spent in 2013 (for DOSD)

\$4,800.00 was spent in 2014 (for DOP)  
\$0.00 was spent in 2013 (for DOP)

To authorize the Director of Public Utilities to enter into a planned modification of the Electric Power Systems Maintenance Services contract with Roberts Service Group and to authorize the expenditure of \$800,000.00 from the Electricity Operating Fund.

**WHEREAS,** the Department of Public Utilities has a contract with Roberts Service Group for Electric Power Systems Maintenance Services for the various divisions of the Department, and

**WHEREAS,** the Department of Public Utilities wishes to modify and increase said contract, EL016296, for the Division of Power (DOP) facilities, and

**WHEREAS,** this contract modification will provide additional funding necessary to continue the Electric Power Maintenance Services for the various facilities. Electric power distribution systems and their components services include studies performed, inspection, testing, maintenance, repair and/or replacement with the majority of the work to be on industrial equipment/systems ranging from 120V to 138KV, and

**WHEREAS**, other Department facilities may be added in the future by modification, and

**WHEREAS**, the vendor has agreed to modify and increase the contract at current prices and conditions, and it is in the best interest of the City to exercise this option, and

**WHEREAS**, it has become necessary in the usual daily operations of the Department of Public Utilities to authorize the Director to modify and increase the existing contract with Roberts Service Group in order to provide for continuation of Electric Power Systems Maintenance Services; now, therefore
