BACKGROUND:

This ordinance authorizes the Director of The Department of Technology to modify a contract agreement with Gyrus Systems for the renewal of an annual license, on behalf of the Human Resources Department for Training Wizard software. Also, the license provides for unlimited administrative license users and assists in managing a learning environment, facilitating training events and records, learning management and skills development. The license also includes a full range of professional services including software support, web access for upgrades, updates and real-time downloads from other Gyrus technology applications such as Knowledgebase. Furthermore, this agreement will provide the resources to ensure proper documentation of all class attendance as proof of compliance with various state and federal laws which require training as a proactive measure for compliance.

FISCAL IMPACT:

During fiscal year 2005 the Department expended \$28,995.77. The 2006 expenditure was \$22,196.00 and \$32,936.00 was expended in the year of 2007.
