Background: It is the Transportation Division's responsibility to maintain street curbs through out the City of Columbus. The On Call Curb Restoration - 2005 project involves the replacement of deteriorated and hazardous curb throughout the City of Columbus. Curb restoration will enhance neighborhood appearances, provide better storm water drainage, and help maintain a structurally sound roadway.

Bids were solicited and received by the Transportation Division on March 17, 2005 as follows:

Contractor / Bid Amount / Contract Compliance # / Vendor Status
Columbus Asphalt Paving, Incorporated / \$645,962.50 / 31-0857095 / Majority
G & G Cement Contractors / \$713,925.00 / 31-0924129 / Majority
Gaddis & Sons, Incorporated / \$717,387.50 / 31-0818069 / Minority
Decker Construction Company / \$777,932.50 / 31-0983557 / Majority
G. Marchi & Sons / \$833,393.50 / 31-1632119/ Majority

The bid proposal stated that the bid quantities were estimated and that the bid quantities may be increased or decreased, depending on the funds available. Due to the better-than-expected unit prices in the submitted bids, an increased amount of curb restoration work can be completed without exceeding budget. Contract quantities were increased without changing the ranking of the bids received. The Transportation Division recommends a bid award to the lowest, best, most responsive, and most responsible bid submitted by Columbus Asphalt Paving, Inc. Based upon the revised quantities and the bid unit costs the new contract amount would be:

Columbus Asphalt Paving, Incorporated / \$750,000.00 / Majority

Columbus Asphalt Paving, Incorporated, has agreed to the revised quantities at the contract bid unit costs. The Transportation Division will perform the inspection work appropriate to this contract and will absorb its expense.

Fiscal Impact: The Transportation Division budgeted \$550,000.00 in the 2004 Capital Improvements Budget (CIB) for curb replacement. All funds from the July 2004 bond sale for curb replacement/restoration have been expended or encumbered. This ordinance authorizes an expenditure of \$750,000.00. Approximately \$1 million has been expended on similar contracts for curb restoration over the past three years.

This ordinance amends the 2004 Capital Improvements Budget to allow for this expenditure. The curb replacement project is being increased by \$1,050,000.00 from \$550,000.00 to \$1,600,000.00 with a corresponding decrease in the Morse Road Area Investment project. This amendment accurately reflects past and planned expenditures from these projects.

Emergency action is requested to ensure this contract is executed and in place prior to the commencement of the construction season.

To amend the 2004 Capital Improvements Budget; to authorize the transfer of \$750,000.00 between projects within the 1995, 1999 Voted Streets and Highways Fund; to authorize the Public Service Director to enter into a contract with Columbus Asphalt Paving, Incorporated, for the On Call Curb Restoration - 2005 project for the Transportation Division, to authorize the expenditure of \$750,000.00 from the 1995, 1999 Voted Streets and Highways Fund, and to declare an emergency. (\$750,000.00)

WHEREAS, the need exists for replacement of deteriorated and damaged curbs throughout the City of Columbus; and

WHEREAS, bids were received and tabulated on March 17, 2005 for On Call Curb Restoration - 2005 project; and

WHEREAS, a satisfactory low bid has been received; and

WHEREAS, an emergency exists in the usual daily operation of the Public Service Department, Transportation Division, in that it is immediately necessary to authorize the Public Service Director to enter into a contract with Columbus Asphalt Paving, Inc. to ensure

the contract's execution prior to the commencement of the Central Ohio construction season; now, therefore

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
