Council Variance Application: CV12-035

APPLICANT: Eastside Community Church; c/o James B. Wootton; 8405 Pulsar Place; Suite 157; Columbus, OH 43240.

PROPOSED USE: Religious services and accessory uses in the M-2, Manufacturing District.

FAR EAST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant seeks a Council variance to conduct church services in an existing office building in the M-2, Manufacturing District as well as having accessory church related office and classroom uses. The applicant also seeks a parking variance from 122 to 54 parking spaces. The proposed religious uses are not out of character for the office park and the religious uses would occur on Sunday when the office park is largely unused. Therefore Staff is not concerned about reduced parking and finds the use to be appropriate and compatible with the area.

To grant a Variance from the provisions of Sections 3367.01, M-2, Manufacturing district, and 3312.49, Minimum numbers of parking spaces required, of the Columbus City Codes for the property located at **255 TAYLOR STATION ROAD (43213)**, to allow religious services in an existing building with reduced parking in the M-2, Manufacturing

District. (Council Variance #CV12-035)

WHEREAS, by application No. CV12-035 the owner of property at **255 TAYLOR STATION ROAD (43213)**, is requesting a Council Variance to allow religious services and accessory church-related office and classroom uses in an existing building with reduced parking in the M-2, Manufacturing District; and

WHEREAS, Section 3367.01, M-2, Manufacturing District, prohibits religious uses, while the applicant proposes to use an existing office building in the M-2, Manufacturing District for religious services and accessory office and classroom uses; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires one (1) parking space for every 30 square feet of sanctuary or auditorium space for churches, or 80 spaces for a 2,400 square-foot sanctuary; one parking space for every 250 square feet of accessory church uses, or 17 spaces for 4,026 square feet; for a total parking requirement of 97 parking spaces for the church, in addition to 6,244 square feet on the second floor which is open for office use not associated with said church which would require 25 parking spaces, all resulting in a total parking requirement for 122 parking spaces, while the applicant proposes to maintain 54 parking spaces; and

WHEREAS, the Far East Area Commission recommends approval; and

WHEREAS, the City Departments recommend approval noting that the proposed religious uses are not out of character for the office park and that the religious uses would occur on Sunday when the office park is largely unused. Therefore Staff is not concerned about a lack of parking and finds the use to be appropriate and compatible with the area; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **255 TAYLOR STATION ROAD (43213)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a variance from the provisions of Sections 3367.01, M-2, Manufacturing District and 3312.49, Minimum numbers of parking spaces required, of the Columbus City Codes are hereby granted for the property located at **255 TAYLOR STATION ROAD (43213)**, insofar as said section prohibits a church with accessory religious uses including classrooms and offices with a maximum sanctuary size of 2,400 square feet and up to 4,026 square feet of accessory religious office and classroom uses, with a reduction in the minimum number of parking spaces required from 122 to 54 spaces; said property being more particularly described as follows:
