**BACKGROUND:**

This ordinance authorizes the Director of the Department of Finance and Management, on behalf of the Department of Technology, to establish a purchase order with OnX USA LLC, utilizing universal term contract FL004390. The purchase order will enable DoT to purchase software licensing, support, and professional services to implement Hewlett Packard's application performance management solution. The application performance management solution will enable DoT to better support the applications utilized by its department customers to conduct their business. These applications include the Performance financial system, the Columbus Utility Billing System (CUBS), and many others.

The total cost to implement the solution is \$240,133.99. This includes the cost of software licensing (\$152,054.81), one year of software maintenance and support (\$33,891.68), training (\$15,937.50), and professional services to install and configure the software (\$38,250.00). The annual maintenance and support would be an ongoing cost of the application performance management system. The pricing offered by OnX reflects a 70.5% discount off the list price of the Hewlett Packard software licenses, and a 27.5% discount off the professional services. Both discounts exceed the agreed upon discounts established in the UTC, and will expire January 31, 2012.

\*OnX USA LLC (formerly known as Agilysys Inc.), HP Equipment, Software and Services, \$240,133.99, (FL004390, BPCMP46A - Expiration Date: 6/30/12)

This ordinance also authorizes the appropriation and expenditure of funds, and transfer of cash and authority between projects within the Information Services Bond Fund, and will amend the 2011 Capital Improvement Budget (CIB), passed

by Columbus City Council March 7, 2011 via Ordinance # 0266-2011 to allow sufficient funding for this expenditure.

**EMERGENCY:**

Emergency action is requested to ensure that the necessary purchase orders are established in a timely manner to take advantage of the significant discounts offered by the vendor and to allow the vendor to start their project service work as planned and not delayed.

**FISCAL IMPACT:**

During fiscal year(s) 2010 and 2011, \$248,393.59 and \$371,576.08 were expended respectively with OnX USA LLC (formerly known as Agilysys Inc.). Although this expenditure was not budgeted in the capital budget, funds are being borrowed from the " Department of Technology, Information Services Capital Improvement Bond Fund Projects " by transferring cash and authority from the following projects: (\$52,882.47) Telephone Upgrades Project (470052-100000; subfund 002), (\$101.10) Whittier Peninsula Project (510041-100000; subfund 002) and (\$60,973.43) Routing Equipment Project (470046-100002; subfund 002) totaling \$113,957.00 to Enterprise System Project - System Upgrades (470047-100000; subfund 002).
