Council Variance Application: CV24-041

APPLICANT: National Church Residences, c/o Matthew Bierlein, Atty.; 2245 North Bank Drive; Columbus, OH 43220.

PROPOSED USE: Multi-unit residential development.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The 4.13± acre site consists of one parcel developed with a 62-unit apartment building in the ARLD, Apartment Residential District, as allowed by Ordinance #0881-2021 (CV20-107). The requested Council variance will allow for a second 60-unit apartment building to be developed. The applicant proposes a future lot split resulting in each apartment building being on its own lot as demonstrated on the submitted site plan. Variances to allow increased density, reduced required parking, increased building height, and reduced building setbacks and side yards are included in this request. While the *Northland I Area Plan* (2014) recommends “Neighborhood Commercial” land uses at this location, staff supports the request as the proposed building is Phase II of the existing multi-unit residential development, the existing residential nature of the area, and *Columbus Citywide Planning Policies’ (C2P2) Guiding Principles* (2018) encouragement of high density residential development along primary corridors with access to transit.

To grant a Variance from the provisions of Sections 3309.148, Area districts; 3312.49, Required Parking; 3333.18, Building lines; 3333.23, Minimum side yard permitted; and 3333.26, Height District; of the Columbus City Codes; for the property located at **2511 BRETTON WOODS DR. (43231)**, to allow multi-unit residential development with reduced development standards in the ARLD, Apartment Residential District, and to repeal Ordinance #0881-2021 (CV20-107), passed April 19, 2021 (Council Variance CV24-041).

WHEREAS, by application #CV24-041, the owner of the property at **2511 BRETTON WOODS DR. (43231)**, is requesting a Council variance to allow multi-unit residential development with reduced development standards in the ARLD, Apartment Residential District; and

WHEREAS, Section 3309.148, Area districts, allows a maximum density of 2,500 square feet per dwelling unit in the ARLD, Apartment Residential District, while the applicant proposes an increased maximum density of 1,200 square feet per dwelling unit on the North Parcel and a maximum density of 1,600 square feet per dwelling unit on the South Parcel; and

WHEREAS, Section 3312.49, Required parking, requires 1.5 parking spaces per dwelling unit for a total of 90 parking spaces on the North Parcel and 93 parking spaces on the South Parcel, while the applicant proposes a total of 42 parking spaces for the North Parcel; and 61 parking spaces for the South Parcel; and

WHEREAS, Section 3333.18, Building lines, requires a building setback of 60 feet from Cleveland Avenue, while the applicant proposes a reduced building setback of 25 feet for both the North and South Parcel; and

WHEREAS, Section 3333.23, Minimum side yard permitted, requires a minimum side yard of 6 feet 9 inches where the north and south parcels abut, while the applicant proposes a reduced side yard of zero feet for both the North Parcel and

South Parcel, as shown on the submitted site plan; and

WHEREAS, Section 3333.26, Height district, allows a maximum building height of 35 feet in the H-35 district, while the applicant proposes an increased building height of 40 feet 6 inches for both the North and South Parcels; and

WHEREAS, City Departments recommend approval because the requested Council variance will allow the second phase of an existing multi-unit residential development and is located in a mostly residential area along a primary corridor with access to public transit; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed development; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **2511 BRETTON WOODS DR. (43231)**, in using said property as desired; and

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a variance from the provisions of Sections 3309.148, Area districts; 3312.49, Required Parking; 3333.18, Building lines; 3333.23, Minimum side yard permitted; and 3333.26, Height District, of the Columbus City Codes, is hereby granted for the property located at **2511 BRETTON WOODS DR. (43231)**, insofar as said sections prohibit an increased density from 2,500 square feet of lot area per dwelling unit to 1,200 square feet on the North Parcel and 1,600 square feet on the South Parcel, in the ARLD, Apartment Residential District; with a parking space reduction from 90 parking spaces on the North Parcel and 93 parking spaces on the South Parcel to 42, and 61 parking spaces, respectively; a reduced building line from 60 feet to 25 feet along Cleveland Avenue for both North and South Parcels; reduced side yard setback of 6 feet 9 inches to zero feet along the interior lot line both North and South Parcel, and increased building height from 35 feet to 40 feet 6 inches, said property being more particularly described as follows:
