1. BACKGROUND

This ordinance authorizes the Interim Director of Public Service to modify and increase an existing contract with Precision Concrete Cutting, Inc., for the Pedestrian Safety Improvements-Sidewalk Trip Hazard Repair 2022 project in an amount up to \$100,000.00.

Ordinance 2452-2022 authorized the Director of Public Service to enter into contract with Precision Concrete Cutting, Inc. for the Pedestrian Safety Improvements-Sidewalk Trip Hazard Repair 2022. Ordinance 1224-2023 was approved by Council to modify the contract and to add funding to pay for additional services. The Department of Public Service and Precision Concrete Cutting both desire to modify the contract at the same pricing, terms and conditions. This modification will add funding to the contract in an amount up to \$100,000.00. This project consists of the removal of trip hazards resulting from a difference in the elevation of abutting sidewalk panels within the corporation limits of the City of Columbus. The method of repair for this contract will be by saw cutting the panel horizontally to eliminate vertical differences and result in a smooth uniform surface. Grinding, leveling, or other similar repair methods are not allowable for the purpose of this contract. Collection and removal of resulting debris is included as part of the repair and incidental to that work. Any resulting crack or void of ½" or greater is to be filled with an approved material and considered a separate item for payment.

1.2 Reasons additional goods/services are needed:

This is a planned modification that is necessary to add additional repair locations. The work for modification 2 will continue the same type of work at additional locations throughout the city, and other such work as may be necessary to complete the contract.

1.3 Reason other procurement processes are not used:

It was deemed to be more cost efficient to modify the existing contract than to bid this part of the work.

1.4 How cost of modification was determined:

The cost of this contract modification is consistent with the direct labor, overhead, and profit rates established within the original proposal/contract.

2. CONTRACT COMPLIANCE
