Legislation Text

File #: 1945-2014, Version: 1

BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into a construction contract with York Electrical, Inc. for the Jackson Pike Wastewater Treatment Plant (JPWWTP) Maintenance Building Electrical Power Feed Expansion project. The JPWWTP Maintenance Building Renovations, Contract SCP 01JP will provide additional electrical loads that will exceed the existing capacity of the Maintenance Building's electrical power feeder and distribution center. This construction contract, SCP 04JP Jackson Pike Wastewater Treatment Plant Maintenance Building Electrical Power Feed Expansion, is a high-priority project that will provide a sufficient amount of electrical power to the JPWWTP Maintenance Building, including the additional loadings from the new equipment to be installed in the SCP 01JP project, with capacity to spare. This project will also update the Arc-Flash calculations and labeling requirements and bring the Maintenance Building and the main electrical distribution center in the Incinerator Building into compliance with the NFPA 70E, 2012 Standards. Environmental and permitting requirements will also be addressed in the design, including City Building and Zoning Services requirements and Permits to Install.

PROJECT TIMELINE: Contract work is required to be completed in a manner acceptable to the City within 90 days from the date that a Notice to Proceed (NTP) is given by the City.

PROCUREMENT: The Division advertised for competitive bids submission for the subject services on the City's Vendor Services website and in the City Bulletin in accordance with the provisions of Section 329.09 of the Columbus City Code. The Division of Sewerage and Drainage received three (3) bids on July 23, 2014 from the following companies:

Name	C.C. No. /Exp. Date	City/State	Status
York Electrical, Inc.	31-0558219 07/15/2016	Dayton, OH	MAJ
J. Rank Electric, Inc.	38-2677797 04/12/2016	Mt. Pleasant, MI	MAJ
Gaylor Electric, Inc.	20-3727689 04/12/2015	Indianapolis, IN	MAJ

The bids were reviewed and ranked utilizing the Bid Tab and Quality Factor Form process. After reviewing the bids and the QFF form, it was determined that York Electrical, Inc. was the lowest responsive, responsible, and best bid. The Engineer's Estimate was \$590,400.00

Contract Compliance No.: 31-0558219 | MAJ | Exp. 07/15/2016.

Emergency Designation: The Department of Public Utilities **is requesting emergency legislation** at this time. This construction contract, SCP 04JP Jackson Pike Wastewater Treatment Plant Maintenance Building Electrical Power Feed Expansion, is required to be performed simultaneously with a separate construction contract within the same building that has already been awarded. This construction contract is going to provide the expanded power feed necessary to supply the new equipment being installed in the separate construction contract.

Economic Impact: This project will provide more efficient upgraded electrical wiring and equipment to better utilize electrical power more economically. Higher efficiency of the new equipment should provide an additional environmental advantage in the Plant's usage of electricity. No community outreach factors are considered for this project.

Fiscal Impact: The legislation authorizes a transfer and authorizes the expenditure of up to \$265,440.00 from the Sanitary Sewer General Obligation Bond Fund, Fund 664 and authorizes an amendment to the 2014 Capital Improvements Budget.

To authorize the Director of Public Utilities to enter into a construction contract with York Electrical, Inc. for the Jackson Pike Wastewater Treatment Plant (JPWWTP) Maintenance Building Electrical Power Feed Expansion project; to authorize a transfer within and expenditure of up to \$265,440.00 within the Sanitary Sewer General Obligation Bond Fund; to amend the 2014 Capital Improvements Budget; and to declare an emergency. (\$265,440.00)
