File #: 0667-2007, Version: 1

BACKGROUND: The Department of Public Utilities over the last three years has consolidated the licensing and maintenance of Autodesk products. The software is used for mapping and the creation/updating of shop drawings and architectural plans. The intention of placing all the software subscriptions on one contract is to streamline the future procurement and licensing process and ensure that all employees have the tools they need to do their work in the most efficient manner. Because the software program is proprietary to the vendor, the Division of Operational Support would like to enter into a sole source contract with DLT Solutions, Inc., the sole distributor in this area, in the amount of \$24,069.20. CC# 54-1599882. Contract Compliance number expires on July 5, 2008. They do not have certified MBE/FBE status.

FISCAL IMPACT: \$24,069.20 is needed for this purchase.

To authorize the Director of Public Utilities to establish a purchase order with DLT Solutions, Inc. for the licensing and maintenance of the Autodesk products currently used for the Division of Operational Support, and to authorize the expenditure of \$8,664.91 from the Sewerage System Operating Fund, \$6,257.99 from the Stormwater Operating Fund, \$481.39 from the Electricity Operating Fund and \$8,664.91 from the Water Operating Fund. (\$24,069.20)
