This ordinance authorizes the City Clerk to enter into a grant agreement with the YMCA of Central Ohio, a 501(c)(3) entity, for the Ville on the Hill program.

Village programs utilizes a member-driven, strengths-based model focused on developing a mutually supportive network for successful and healthy aging-in-community. These programs serve neighbors age 50 and over. As the older adult population grows, there is a need for innovative approaches to service delivery.

It can be difficult to hire professionals for “small jobs,” such as unclogging a downspout or replacing furnace filters. These may seem like small tasks, but they can have a big impact on an older adult’s quality of life. Village members also have peace of mind when receiving services through neighborhood volunteers. The Village programs provide older adults with substantial savings compared to market rate services. In an average month, members benefit from \$1,500 worth of volunteer service.

The Village Movement approach to aging is successful not only to ensure that older adults are able to age in their homes, but also in community. This movement fosters interdependence between neighbors that supports aging members, in addition to honoring the contributions of younger members. Older adults participating in these programs will experience a more connected way of life, whether they are a recipient of services, a provider, or both. In order to generate a strong sense of community, the programs engage members in creating and coordinating the activities of the Village. Members have the opportunity to coordinate and attend social outings, volunteer for the Village organization or for other Village members, and act as advocates for other older adults.
