BACKGROUND: Columbus Public Health provides HIV/AIDS testing for patients of the STD Clinic and HIV Counseling and Testing Site. The Health Department uses OraQuick, a rapid HIV antibody detection test. It is highly accurate and provides results in 20 minutes. It is the only rapid test approved by the FDA for finger-stick, venipuncture, and oral fluid testing. The CDC recommends that the rapid HIV test be used to better ensure that all patients receive their results. OraSure Technologies is the sole manufacturer of OraQuick and is the only company that can legally distribute it to Columbus Public Health.

Columbus Public Health, as a public health agency, receives discounted pricing for the OraQuick test kits. Emergency action is requested to ensure a sufficient supply of test kits for testing of patients. Orasure's contract compliance number is 364370966, and expires 6/9/13.
