Contract is through March 31, 2017, with the option to extend for one additional year. The Purchasing Office opened formal bids on February 12, 2015.

The Purchasing Office advertised and solicited competitive bids in accordance with the relevant provisions of Chapter 329 relating to competitive bidding (Solicitation No. SA005726). Sixty five (65) bids were solicited: (M1A-0, F1-1). Two (2) bids were received (M1A-0, F1-0):

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

This ordinance is being submitted as an emergency because Organic Emulsion Polymer is used in the City's wastewater treatment processes and a delay in its availability would negatively affect the efficient delivery of valuable public services, and without emergency action, no less than 37 days will be added to this procurement cycle and the efficient delivery of valuable public services will be slowed.

FISCAL IMPACT: Funding to establish this option contract is from the General Fund. City Agencies will be required to obtain approval to expend from their own appropriations for their estimated annual expenditures.

To authorize the Finance and Management Director to enter into a contract for the option to purchase Organic Emulsion Polymer with Polydyne Inc., to authorize the expenditure of \$1.00 to establish the contract from the General Fund, and to declare an emergency. (\$1.00).

WHEREAS, the Purchasing Office advertised and solicited formal bids on February 12, 2015; two (2) bids were received; the lowest, responsive, responsible and best bid was selected; and

WHEREAS, this ordinance addresses Purchasing objective of 1) maximizing the use of City resources by obtaining optimal products/services at low prices and 2) encouraging economic development by improving access to City bid opportunities and 3) providing effective option contracts for City agencies to efficiently maintain their supply chain and service to the public; and

WHEREAS, Organic Emulsion Polymer is used in the City's wastewater treatment processes, this is being submitted for consideration as an emergency measure; and
