File #: 0394-2011, Version: 1

BACKGROUND: This ordinance is for the option to purchase Hydrofluosilicic Acid for the Power and Water Division. Hydrofluosilicic Acid is used in the City's water treatment process. The term of the proposed option contract will be three (3) years. The contract is through March 31, 2014, with the option to extend for one additional year. The Purchasing Office opened formal bids on January 27, 2011.

The Purchasing Office advertised and solicited competitive bids in accordance with Section 329.06 (Solicitation SA003819). Fifty (50) (M1A:0, F1:1) bids were solicited; A total of two (2) bid proposals (M1A:0, F1:0) were received.

The Purchasing Office is recommending award to the lowest, responsive, responsible and best bidder in compliance with the specifications.

Key Chemical, Inc., CC#900053161 (expires 02/14/2013).

Total Estimated Annual Expenditure: \$500,000.00

This company is not debarred according to the Federal Excluded Parties Listing or the State Auditor's Findings For Recovery Database.

This ordinance is being submitted as an emergency because Hydrofluosilicic Acid is used to treat the City's water and a delay in its availability would negatively affect the efficient delivery of valuable public services.

FISCAL IMPACT: Funding to establish this option contract is budgeted in the Mail, Print Services and UTC Fund. Power and Water will be required to obtain approval to expend from their own appropriations for their estimated annual expenditures.

To authorize the Finance and Management Director to enter into one (1) Universal Term Contract for the option to purchase Hydrofluosilicic Acid with Key Chemical Inc., to authorize the expenditure of one (1) dollar to establish the contract from the Mail, Print Services and UTC Fund; and to declare an emergency. (\$1.00)

WHEREAS, the Purchasing Office advertised and solicited formal bids on January 27, 2011 and selected the lowest, responsive, responsible and best bid. Two (2) bids were received; and

WHEREAS, this ordinance addresses Purchasing objective of 1) maximizing the use of City resources by obtaining optimal products/services at low prices and 2) encouraging economic development by improving access to City bid opportunities and 3) providing effective option contracts for City agencies to efficiently maintain their supply chain and service to the public; and

WHEREAS, Hydrofluosilicic Acid is used in the City's water treatment process, this is being submitted for consideration as an emergency measure; and

WHEREAS, an emergency exists in the usual daily operation of the Purchasing Office in that it is immediately necessary to enter into one (1) contract for an option to purchase Hydrofluosilicic Acid to ensure the uninterrupted supply of a necessary part of the City's water treatment program, thereby preserving the public health, peace, property, safety, and welfare; now, therefore:
