

## Legislation Text

**File #:** 2040-2022, **Version:** 1

This legislation authorizes the Director of the Department of Development to modify (Modification No. 1) a contract with Reeves Towing & Recovery LLC to add an escalator clause and funding to permit a fuel surcharge in light of the rising costs of fuel.

Original contract amount	\$ 5,000.00	Ord. N/A	PO310630
Modification No. 1 amount	\$ <u>250.00</u>		
Total contract amount	\$ 5,250.00		

The purpose of the Sign Installation and Towing Services program is to provide services that will involve, but not be limited to: responding to calls from the City for the installation of “NO PARKING” signage per Ohio Revised Code 4513.601 and later removal of vehicles from Land Bank properties if the vehicle is not removed within 48 hours of signage installation; impound and storage of vehicles by order of the private property owner (City of Columbus); proper notification of the last known owner of such vehicles, as required by law; and release of vehicles to the owner or lien holder as required by law for properties held by the Land Redevelopment Division.

Companies responded to an Invitation to Bid, RFQ020526 in 2021 and were selected by an evaluation committee as the companies with the best proposals based on prior experience, resources and qualifications. The bids allow the establishment of one year contracts with an option to extend an additional year.

The Department of Development advertised RFQ020526 on Vendor Services in October 2021 for the Sign Installation and Towing Services program and 1 bid was received. The Director of Development entered into contract with 1 bidder under the authority of Columbus City Code Section 329.19. The contract period is from the date of approval of the purchase order to February 28, 2023, with an option to renew one additional year, through 2024.

Since the origination of the agreement with Reeves Towing & Recovery LLC, fuel costs have risen significantly and have impacted the Sign Installation and Towing Services program provider’s ability to perform services under the contracted fee amounts. To remedy this unforeseen cost, modification of the original agreement to include an escalator and de-escalator clause for fuel surcharges is necessary. Without this modification, providers may terminate their current contracts, requiring the City to seek competitive proposals that take the current fuel costs into consideration. A modification of the current agreements saves the City both the expense and time associated with seeking services from new providers.

The escalator and de-escalator clauses will allow providers to charge a 5% fuel surcharge to each invoice that covers work completed during a time of high/rising fuel costs. The de-escalator portion of the modification will eliminate the fuel surcharge if/when fuel costs fall closer in line with costs at the time that the agreement was entered into.

Additional funds will be added with this modification to cover the fuel surcharge costs.

Emergency action is requested in order to continue to provide services without interruption.

**FISCAL IMPACT:** Funding of \$250.00 is available in the Land Management Fund (2206).

**CONTRACT COMPLIANCE:** the vendor number is 032297 and expires 11/10/2023.
