Council Variance Application: CV16-077

APPLICANT: Arch City Development; c/o Nathan Sampson, Agent; 990 West Third Avenue; Columbus, OH 43212.

PROPOSED USE: Multi-unit residential development.

ITALIAN VILLAGE COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning (Ordinance No. 1438-2017; Z16-079) to the AR-1, Apartment Residential District. The applicant proposes a fourteen-unit apartment building and requests variances to increase building height and lot coverage, and to reduce the minimum number of parking spaces required from 21 to 15, vision clearance, building lines, maximum side yard required, and minimum side yard permitted. These reduced development standards are supportable because the proposed setbacks allow the buildings to be positioned closer to the street complementing the existing development pattern along the North Fourth Street corridor. Furthermore, the requested variances are reflective of recent residential infill development in urban neighborhoods.

To grant a Variance from the provisions of Sections 3309.14, Height districts; 3312.49(C), Minimum numbers of parking spaces required; 3321.05(B)(2), Vision clearance; 3333.15(C), Basis of computing area; 3333.18(D)(1), Building lines; 3333.22, Maximum side yard required; and 3333.23, Minimum side yard permitted; of the Columbus City Codes; for the property located at **1453 NORTH FOURTH STREET (43201)**, to permit a multi-unit residential development with reduced development standards in the AR-1, Apartment Residential District (Council Variance # CV16-077).

WHEREAS, by application # CV16-077, the owner of property at **1453 NORTH FOURTH STREET (43201)**, is requesting a Council variance to permit a multi-unit residential development with reduced development standards in the AR-1, Apartment Residential District; and

WHEREAS, Section 3309.14, Height districts, requires a maximum building height of 35 feet at the setback for this property, while the applicant proposes a building height of 40 feet in the H-35 height district; and

WHEREAS, Section 3312.49(C), Minimum number of parking spaces required, requires 1.5 parking spaces per dwelling unit for a total of 21 required parking spaces, while the applicant proposes to provide 15 parking spaces, amounting to a reduction in 6 required parking spaces; and

WHEREAS, Section 3321.05(B)(2), Vision clearance, requires that a 30 foot right angle clear vision triangle shall be maintained on each residential lot adjacent to a street intersection, while the applicant proposes a 6.5 foot right angle clear vision triangle at the intersection of North Fourth Street and East Fifth Avenue; and

WHEREAS, Section 3333.15(C), Basis of computing area, limits buildings from occupying more than 50 percent of the lot area, while the applicant proposes a lot coverage of 55 percent; and

WHEREAS, Section 3333.18(D)(1), Building lines, requires a building line of no less than 10 feet along North Fourth

Street and East Fifth Avenue, while the applicant proposes a reduced building line of 0 feet along both frontages; and

WHEREAS, Section 3333.22, Maximum side yard required, requires that the sum of the widths of each side yard shall equal or exceed 20 percent of the width of the lot, provided that no more than 16 feet need be so devoted, while the applicant proposes a reduced total side yard of 3 feet; and

WHEREAS, Section 3333.23(D), Minimum side yard permitted, requires the side yard to be equal to one-sixth of the height of the building where it exceeds two and one-half stories in height, or 6.7 feet for a 40 foot high building, while the applicant proposes a reduced minimum side yard of 3 feet; and

WHEREAS, the City Departments recommend approval because the variances are reflective of residential infill projects in urban neighborhoods and will allow the development to have compatible setbacks to the existing development pattern of the North Fourth Street corridor; and

WHEREAS, this ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1453 NORTH FOURTH STREET (43201)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1.
