Council Variance Application: CV24-026

APPLICANT: Marker Acquisition, LLC; c/o Jill Tangeman, Atty.; 52 East Gay Street; Columbus, Ohio 43215.

PROPOSED USE: Multi-unit residential development.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

UNIVERSITY IMPACT DISTRICT REVIEW BOARD RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site consists of four parcels developed with commercial uses in the C-4, Commercial District. The site is within the RC, Regional Commercial Subarea of the University District Zoning Overlay (UDZO). The requested Council variance will allow redevelopment of the site with an apartment building containing 183 units (450 total bedrooms). A Council variance is necessary to allow residential and accessory residential uses on the ground floor of a building in the C-4 district. The request also includes a variance to reduce the required parking from 225 spaces to zero provided spaces, and to increase the maximum building height from 72 feet to 157.5 feet. The *University District Plan (2015)* recommends this area for "Regional Mixed Use," which supports mixed-use corridors with high density residential development. The Plan also states that the design of the new buildings should be compatible with nearby contributing buildings and the surrounding streetscapes. The proposal is consistent with the Plan's land use recommendations, and will continue the redevelopment pattern for this section of North High Street. Staff notes that this site is in the first phase of Zone-In Columbus, and will provide more residential units consistent with citywide objectives regarding increased housing. Additionally, the final building design and site plan, which are not included with this variance request, are subject to a Certificate of Approval from the University Impact District Review Board.

To grant a Variance from the provisions of Sections 3356.03, C-4 permitted uses; 3325.323, Building Height Standards; and 3325.381, Parking and Circulation, of the Columbus City Codes; for the property located at **1479 N. HIGH ST. (43201)**, to allow an apartment building with reduced development standards in the C-4, Commercial District (Council Variance #CV24-026).

WHEREAS, by application #CV24-026, the owner of property at **1479 N. HIGH ST. (43201)**, is requesting a Council variance to allow an apartment building with reduced development standards in the C-4, Commercial District; and

WHEREAS, Section 3356.03, C-4 permitted uses, allows multi-unit residential and accessory residential uses above certain commercial uses, but does not allow ground floor residential uses, while the applicant proposes an apartment building with residential and accessory residential uses on the ground floor; and

WHEREAS, Section 3325.323, Building Height Standards, allows a maximum building height of 72 feet within the Regional Commercial (RC) Subarea, while the applicant proposes an increased building height of 157.5 feet; and

WHEREAS, Section 3325.381, Parking and Circulation, requires 0.5 parking spaces per bedroom be provided on site, or 225 spaces for 450 bedrooms, while applicant proposes zero spaces; and

WHEREAS, the University Area Commission recommends approval; and

WHEREAS, the University Impact District Review Board recommends approval; and

WHEREAS, the City Departments recommend approval of the requested variances because the proposal will allow a multi-unit residential development that is consistent with the *University District Plan's* land use recommendations, and continues the redevelopment pattern for this segment of North High Street. Staff also notes that this site is in the first phase of Zone-In Columbus, and will provide more residential units consistent with citywide objectives regarding increased housing; and

WHEREAS, this ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed development; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1479 N. HIGH ST. (43201)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a variance from the provisions of Sections 3356.03, C-4 permitted uses; 3325.323, Building Height Standards; and 3325.381 Parking and Circulation, is hereby granted for the property located at **1479 N. HIGH ST. (43201)**, insofar as said sections prohibit residential and accessory residential uses on the ground floor in the C-4, Commercial District; with an increased maximum building height from 72 to 157.5 feet; and a parking space reduction from 225 to zero spaces; said property being more particularly described as follows:
