File #: 0752-2012, **Version:** 1

BACKGROUND: This legislation authorizes the Finance and Management Director to renew a contract for the Facilities Management Division with Capital Plumbing and Mechanical, Inc. for preventive maintenance and service of grease traps, grease interceptors, and septic tanks for various City buildings under the purview of the Facilities Management Division. A grease trap is a plumbing device designed to intercept most greases and solids before they enter a wastewater disposal system. This contract calls for the service of grease traps and septic tanks and includes scheduled service calls and incidental emergency calls throughout the year.

The original contract was formally bid in April 2010 (SA003547). Ordinance No. 0681-2010, passed May 26, 2010, with four one-year renewal options. Ordinance No. 0064-2011, passed February 9, 2011, authorized the first renewal of the contract. This legislation authorizes the second of four one-year renewal options for the period of June 14, 2012 through June 13, 2013.

Fiscal Impact: The Facilities Management Division budgeted \$34,000.00 in the 2012 General Fund Budget for this contract. The amount of \$26,766.00 was spent on this contract in 2011. The cost of this renewal is \$34,000.00.
