1. BACKGROUND

The City of Columbus, Department of Public Service, received a request from the property owner, RBH Acquisition, LLC, asking that the City allow a canopy to encroach into the public right-of-way for their hotel project located at 77 Belle Street. The proposed encroachment will consist of one canopy at the main entrance that will protrude into the public right-of-way as described below and shown on the attached exhibit. This ordinance authorizes the Director of the Department of Public Service to execute those documents necessary for the City to grant this encroachment to legally allow the canopy to extend into the public rights-of-way. Installation of this building element will enhance the building, fit into the architectural desire, and provide patrons a safe and dry area to enter the building. A value of \$500.00 for the encroachment easement was established.

2. FISCAL IMPACT

The City is not expending funds to grant the encroachment. The City will receive a total of \$500.00 to be deposited in Fund 7748, Project P537650, for granting the requested encroachment.
