

Legislation Text

File #: 1038-2020, **Version:** 1

1. BACKGROUND

This legislation authorizes payment for utility relocation work as needed by American Electric Power, AT&T, Spectrum (aka Time Warner), Windstream, and other utilities (or companies hired by utilities to perform utility relocation work) for the King Lincoln District - Long, Garfield, Monroe and Talmadge project in an amount up to \$1,000,000.00.

The Department of Public Service is engaged in the streetscape improvements for East Long Street (from Garfield to Monroe), Garfield Avenue (from Long Street to Mayme Moore Place), Monroe Avenue (from Long Street to Mount Vernon Avenue), and Talmadge Street. The Department is currently finalizing construction plans for this project.

In the course of effecting roadway improvements, it is sometimes necessary to force the relocation of utilities from privately held easements or place overhead utilities underground to promote public health, safety and welfare, including the economic development of the City. It is necessary to move utilities to complete this project.

The funding request for utilities relocation reimbursement is based upon estimates from the utilities. The utilities will invoice the City for actual costs incurred in relocating the utilities. The amount needed may exceed the amount requested in this ordinance. Additional legislation will be submitted by the Department of Public Service if additional funds are needed to complete the relocations.

2. FISCAL IMPACT

This is a budgeted expense. Funding for this expense is available within Fund 7704, the Streets and Highways Bond Fund, Project P441770-100000 (King Lincoln District - Long, Garfield, Monroe and Talmadge). Funds are appropriated.

3. EMERGENCY DESIGNATION

Emergency designation is requested to provide funding for utility reimbursements at the earliest possible time to prevent construction delays and to maintain the project construction schedule.

To authorize the Director of Public Service to pay utility relocation costs to various utilities for the King Lincoln District - Long, Garfield, Monroe and Talmadge project; to authorize the expenditure of up to \$1,000,000.00 for utility relocations for this project from the Streets & Highways Bond Fund; and to declare an emergency. (\$1,000,000.00)

WHEREAS, utility relocations must be completed before construction can begin; and
