

Legislation Text

File #: 1808-2021, **Version:** 1

BACKGROUND: This legislation authorizes the Director of Public Utilities to modify an existing engineering agreement with ms Consultants, Inc. for the Blueprint Columbus Hilltop Eureka/Fremont project, CIP 650870-100802. This project is being completed as part of the City’s Blueprint Columbus program. This project will construct various types of green infrastructure (GI) throughout the neighborhood which will provide a higher water quality within the region by treating the surface runoff before it discharges to the waterways. The project will also rehabilitate the existing sanitary sewer laterals and install or redirect new roof downspouts so as to reduce inflow and infiltration (I&I) within the sanitary sewer system which will result in fewer water in basements (WIBs), reduced sanitary sewer flows and decreased sanitary sewer overflows (SSOs). This contract renewal will provide the funding necessary to finalize the engineering drawings and provide services during and after construction, and to provide services during construction for two construction contracts Eureka/Fremont Lateral Lining and Eureka/Fremont Downspout Redirection.

The project is located in the “53 - Greater Hilltop” Community Planning Area.

Amount of additional funds to be expended: \$1,354,680.64

Original Contract	\$ 1,956,247.00
Renewal 1	\$ 916,844.15 PO188204
Renewal 2 (current)	\$ 1,354,680.64 TBD
TOTAL	\$ 4,227,771.79

Reasons additional goods/services could not be foreseen:

This modification was planned at contract origination.

Reasons other procurement processes are not used:

Re-bid of the project will likely result in a higher project costs as much of the project history would be lost and would need to be rediscovered by another consultant unless the new RFP were won by the same consultant. In such a case, we would have missed significant time in acquiring and evaluating the new proposals without significant benefit.

How cost of modification was determined:

A cost estimate for the proposed scope of work was prepared by ms consultant and reviewed by DOSD.

PROJECT TIMELINE: It is anticipated that this modification will be for a term of 2 years.

Contract Compliance No.: 34-6546916 | MAJ | Exp. 1/28/2022 | Vendor #: 006998

Emergency Designation: Emergency designation **is not** requested.

ECONOMIC IMPACT: This project is being completed as part of the City’s Blueprint Columbus program. This project will construct various types of green infrastructure (GI) throughout the neighborhood which will provide a higher water quality within the region by treating the surface runoff before it discharges to the waterways. The project will also rehabilitate the existing sanitary sewer laterals and install or redirect new roof downspouts so as to reduce inflow and infiltration (I&I) within the sanitary sewer

system which will result in fewer water in basements (WIBs), reduced sanitary sewer flows and decreased sanitary sewer overflows (SSOs). Community outreach is large part of these projects and the initial public meetings have been held. Subsequent meetings with other interested, neighborhood committees have also been held to inform them of the potential changes.

FISCAL IMPACT: This ordinance authorizes the expenditure of up to \$ 1,354,680.64 from the Sanitary Sewer General Obligation Bond Fund 6109. An amendment to the 2020 Capital Improvement Budget is necessary to align authority with the expenditure.

To authorize the Director of Public Utilities to modify and increase an existing engineering agreement with ms Consultants, Inc. for the Blueprint Columbus Hilltop Eureka/Fremont Area project; to authorize the expenditure of up to \$ 1,354,680.64 from the Sanitary Sewer General Obligation Bond Fund; and to amend the 2020 Capital Improvements Budget.
