BACKGROUND: Columbus Public Health received funds for the Implementing Enhanced HIV Prevention and Surveillance for Health Departments to End the HIV Epidemic in Ohio grant program from the Ohio Department of Health. Columbus Public Health will contract with AIDS Healthcare Foundation (AHF) for HIV Testing and Screening services to persons at highest risk of HIV infection at community based testing sites. All negatives that are at highest risk of HIV shall be referred to PrEP. All HIV positive cases shall be referred to medical care, as well as CPH's Prevention Services.

The purpose of this grant is to create “Disruptive Innovation” by seeking to prevent new HIV infections by focusing on four (4) pillars: treating HIV to achieve viral suppression, diagnose HIV so that all persons know their HIV status, prevent infections through PrEP and syringe support programs and respond to HIV clusters or outbreaks within the community. This grant specifically focuses on the diagnose and prevent pillars.
