1. BACKGROUND

This ordinance authorizes the Director of Public Service to provide final funding to the Ohio Department of Transportation (ODOT) so ODOT can close out its FRA-33-9.33 Urban Paving project, PID 93136 construction project.

Ordinance 0094-2018 authorized the Director of Public Service to provide funds to ODOT for FRA-33-9.33 Urban Paving project, PID 93136, encompassed the resurfacing of US 33 from Fishinger Road to Trabue Road. This project was completed as part of the ODOT Urban Paving Initiative, which requires the local municipality (Columbus) to contribute 20% of the total cost of surface treatment for the portion of the project within its corporation limits. Additionally, the City is required to contribute 100% of the cost of non-surface related items such as curbs, gutters, utility relocation, and partial and full-depth pavement repairs. Public Service provided the funds before the opening of the bids.

Ordinance 0936-2018 authorized the Director of Public Service to provide additional funds to ODOT's revised estimate of the project's cost.

Ordinance 0164-2019 authorized the Director of Public Service to provide additional funds to ODOT after the opening of the bids because the bids came in higher than expected.

This ordinance authorizes the Director of Public Service to provide final funding to ODOT now that the project is complete.
