File #: 0110-2005, **Version:** 1

BACKGROUND: The Columbus Health Department has been awarded a continuation grant from the Ohio Department of Health for the Cardiovascular Health program. This ordinance is needed to accept and appropriate \$155,500.00 in grant monies for the period January 1, 2005 through December 31, 2005.

The Cardiovascular Health program improves the health of Columbus and Franklin County residents and ultimately reduces premature cardiovascular disease mortality through implementation of population-based programs that address the prevention and reduction of risk factors for cardiovascular disease in adults and children.

This ordinance is submitted as an emergency so as to allow the financial transaction to be posted in the City's accounting system as soon as possible, given the grant start date of January 1, 2005. Up to date financial posting promotes accurate accounting and financial management.

FISCAL IMPACT: The program is primarily funded by the Ohio Department of Health and does not generate revenue.
