The department advertised RFQ020531 on Vendor Services seeking contractors to provide emergency mechanical repairs on November 22, 2021 with bids being due on December 16, 2021. The Emergency Repair Program is a home repair program operated by the Housing Division. The program was established to assist low and moderate income homeowners with plumbing, sewer repair/replacement, water line repair/replacement, hot water tanks, furnaces, and electrical issues that would impact a household remaining safely in their home. Most homeowners are at or below 50% AMI as defined by HUD with exceptions allowed up to 80% AMI.

A comprehensive RFQ was done in 2021 for these services, and contractors were identified at that time. A new RFQ is currently underway. Prices were initially established with the original contract awarded from RFQ020531.

In May 2022, Columbus City Council approved ordinance 1157-2022 to modify the contract to add additional funds. The contract term did not change.

In November 2022, Columbus City Council approved ordinance 2879-2022 to renew the contract for one additional year and to add additional funds.

In February 2023, Columbus City Council approved ordinance 0326-2023 to modify the contract to add additional funds. The contract term did not change.

In June 2023, Columbus City Council approved ordinance 1523-2023 to modify the contract to add additional funds. The contract term did not change.

In July 2023, Columbus City Council approved ordinance 1694-2023 to modify the contract to add additional funds. The contract term did not change.

This legislation will modify the contract to add additional funds. The contract terms will not change.

Emergency action is requested to allow program services to continue without interruption. Existing program funds are diminishing and the program is near ceasing services.

FISCAL IMPACT: Funding is available within the Development Taxable Bond Fund.

CONTRACT COMPLIANCE: the vendor number is 030026 and expires 3/11/2024.
