1. BACKGROUND

The Division of Infrastructure Management is responsible for routine and emergency street repairs and maintenance throughout the year. The division uses various asphalt concretes in its surface treatment program to repair and maintain streets, gravel alleys, berms, and to patch potholes.

The Purchasing Office has established a citywide universal term contracts with Kokosing Materials (FL006160) for the purchase of these materials. This legislation will authorize the expenditure of \$90,000.00 in total for various asphalt concretes per the terms and conditions of the universal term contracts.

The division already encumbered a total of \$100,000.00 from this universal term contract (UT055618). Legislation is required to authorize an encumbrance and expenditure over \$100,000.00. Additional funds are necessary to ensure the proper supply of asphalt concrete is available for the remainder of the year.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against these organizations.

2. CONTRACT COMPLIANCE

Kokosing Materials contract compliance number is 31-0980603 and it expires 11/18/2015.

3. FISCAL IMPACT

Funds in the amount of \$90,000.00 are budgeted and available in the Municipal Motor Vehicle License Tax Fund (266) for this purpose.

4. EMERGENCY DESIGNATION

The division requests emergency designation to ensure the supply of a critical commodity is available for use and to not have any interruptions in operations.
