**Background:** This is consent legislation with the State of Ohio, Department of Transportation (ODOT) for a bridge reconstruction project on two structures: SR104 over the American Aggregate Road/Haul Road and SR104 over 6<sup>th</sup> Street. Work consists of concrete deck overlay on these structures. This state-sponsored bridge project is being added to another bridge project that includes SR104 over US-33 and SR104 over C&O RR and Parsons Avenue for which consent legislation was previously approved by City Council in ordinance 0400-2006 on March 13, 2006. This project is scheduled for construction in State Fiscal Year 2008. (FRA-33-22.98 PID 79944)

**Fiscal Impact:** The estimated construction cost of the project for these two structures is \$1,500,000.00, which will be funded by ODOT. There is no cost to the City of Columbus for this project. This legislation also authorizes the Director of Public Service to enter into the necessary agreements to complete this project.

Emergency action is requested to proceed with this consent in order to maintain ODOT's schedule for the construction of this project.
