BACKGROUND: This legislation authorizes the Finance and Management Director to modify and increase a contract on behalf of the Office of Construction Management with Harris Design Services (Certified emerging MBE business), in the amount of \$1,500,000.00 for professional services (design and construction administration) for the renovation of 120 West Gay Street, the

former Police Headquarters building. This bulk of this modification is necessary due to two factors. The first relates to scope changes necessitated by regulations in the current building code. Modern building code requirements related to egress, safety systems, elevator and restroom capacity demanded changes in scope to ensure not only compliance with the code, but that the requisite, usable, square footage was available within the facility. The second factor is attributable to expedited additional architectural and engineering services to correct/address and incorporate unforeseen scope as related to 120 West Gay Street and 90 West Broad Street underground utilities renovations. The current configuration of the main electrical feed down Ludlow Alley and into City Hall does not meet code, is unsafe and needs to be remedied immediately. Ordinance 2213-2006, passed on December 13, 2006 authorized the master plan and design plans for the renovation of the former Police Headquarters building located at 120 West Gay Street. Upon completion of the renovations 120 West Gay Street, the Department of Human Resources, Income Tax Division, Civil Service Commission, Safety Director's Office, Purchasing Office, City Attorney's Office, and one additional agency to be determined will relocate to the building.

Due to the fact that Harris Design Services was awarded the original contract, a modification with Harris Design Services is the logical and most expeditious option for addressing the additional professional services. Involving another architect at this point would lead to logistical problems and the likelihood of errors. Therefore, it would not be in the best interests of the City to bid the additional Architectural and Engineering services.

This ordinance also authorizes the transfer of \$1,453,499.16 between projects within the Construction Management Capital Improvement Fund and amends the 2008 Capital Improvement Budget, Ordinance No. 0690-2008. The Old Police Headquarters project has an unencumbered cash balance of \$46,500.84.

EMERGENCY ACTION is requested so that necessary design services for 120 West Gay are completed, thereby ensuring that important utilities upgrades are not delayed.

FISCAL IMPACT: The cost of this contract was authorized by Ordinance Number 2213-2006, passed on December 13, 2006, in the amount of \$1,800,000.00. This modification is for \$1,500,000.00, thereby increasing the total contract to \$3,300,000.00.

Harris Design Services Contract Compliance Number 31-6568390, Expiration 7/9/2009.

To authorize the Finance and Management Director to increase and modify a contract on behalf of the Office of Construction Management with Harris Design Services for the renovation of 120 West Gay Street; to authorize the City Auditor to transfer \$1,453,499.16 between projects within the Construction Management Capital Improvement Fund; to authorize the additional expenditure of \$1,500,000.00 from the Construction Management Capital Improvement Fund; and to declare an emergency. (\$1,500,000.00)

WHEREAS, Ordinance 2213-2006, passed December 13, 2006, authorized the master plan and design plans for the renovation of the former Police Headquarters building located at 120 West Gay Street, and

WHEREAS, it is necessary to modify the contract with Harris Design Services for expedited additional Architectural and Engineering services, and

WHEREAS, said renovations are necessary to correct/address and incorporate unforeseen scope changes as related to 120 West Gay Street and 90 West Broad Street underground utilities renovation, and

WHEREAS, upon completion of renovations at the former Police Headquarters building located at 120 West Gay Street, various City Agencies will relocate to the building, and

WHEREAS, it is necessary to amend the 2008 Capital Improvement Budget and transfer cash between projects within the Construction Management Capital Improvement Fund, and

WHEREAS, an emergency exists in the usual daily operation of the Finance and Management Department, Office of Construction Management, in that it is immediately necessary to authorize the Finance and Management Director to modify and increase a contract with Harris Design Services, to expedite additional Architectural and Engineering services to correct/address and incorporate unforeseen scope changes as related to 120 West Gay Street and 90 West Broad Street underground utilities renovation, so that important utilities upgrades are not delayed, thereby facilitating and preserving the public health, peace, property, safety, and welfare; now, therefore:
