The purpose of this legislation is to authorize the Director of Public Utilities to establish a purchase order to pay invoices for hauling services of grit and grease from Waste Management of Ohio, Inc. for the Division of Sewerage and Drainage and, in accordance with Columbus City Code Section 329.27, to waive the competitive bidding provisions of Columbus City Code.

On February 25, 2011 the Jackson Pike Wastewater Treatment Plant entered into a service agreement for the hauling services of grit and grease (ED043299) in the amount of \$20,000.00, with Waste Management of Ohio, Inc. The expiration date of this contract was February 29, 2012. On February 21, 2012 a new service agreement was created and posted for bid through the vendor services web site with an opening date of February 24, 2012. We did not receive any bids at that time. The service agreement was re-posted on February 29, 2012 with an opening date of March 5, 2012. There was one bid received at that time from Capital Waste & Recycling Services. That purchase order was certified and posted on March 8, 2012.

Capital Waste & Recycling Services delivered their dumpsters and began providing service on March 15, 2012. This created a 15 day period in which we had no other option than to continue to use Waste Management of Ohio, Inc. as they had their dumpsters already in place and were providing service to Jackson Pike WWTP. The total amount of all invoices that is owed to Waste Management of Ohio, Inc. is \$4,462.90.

The Maintenance section of the Jackson Pike Wastewater Treatment Plant request that the Division of Sewerage and Drainage initiate legislation in the amount of \$4,462.90 to establish a purchase order with Waste Management of Ohio, Inc. to cover the payment of all invoices related to this unavoidable situation.

Your approval of this request would be greatly appreciated and we will take all measures necessary to ensure that a mistake such as this will not occur in the future.

Emergency legislation is being requested so that a purchase order and subsequent payment can be made in timely manner.
